

Transition Town Letchworth
Tuesday Talks

Edible Cities

Tuesday 12th November 2019

Letchworth Heritage Foundation is a partner in the European Research Funded EdiCitNet Project. The project will provide Letchworth with funding, expertise and learning from other participating cities. In return Letchworth is expected to test ideas for increasing the amount of food grown in our urban environment. Join us for an interactive evening both learning about EdiCitNet and discussing how to make the most of this opportunity.

**7.45pm-9:15pm. Join us from 7.30pm for refreshments.
Mrs Howard Hall, Norton Way South, Letchworth SG6 1NX
Admission free, but a £2 donation to cover costs is appreciated**
