

**SPRING 2019**

# GREEN VIEW FOR HITCHIN OUGHTON

**Green Party**  
for the common good

## AT THE HEART OF THE COMMUNITY

Mary has been an active member of our communities for years, working on the allotments and helping to sort things out around the neighbourhood. At the moment Mary is campaigning for improved signage to the main wheelchair accessible entrance to Oughtonhead Common.

The Green Party is committed to creating a safer, better environment for all.

## HANDS ON FOR IMPROVEMENTS

For example when the manhole cover on Redhill Road broke up in December and turned into a serious pothole, Mary contacted the right people and got it fixed within 4 days!

“Whether it is better equal access to our local treasures or fixing what needs fixing: I’m here for the people of Oughton.”

**Mary Marshall**

Green Party candidate for Hitchin Oughton

## GREENS LEAD EFFORTS TO TIDY UP NEIGHBOURHOODS

Mary and other members of the Green Party participated and led teams in the bi-annual Hitchin Litter Pick on the 17<sup>th</sup> March. Over 250 volunteers worked on dozens of sites throughout the town to clean litter from our public spaces.

## NEW BOTTLE COLLECTION SCHEME

A new government scheme has been signed off that will implement collection points for bottles and containers so that they can be reused. This is a long overdue step towards preventing waste and saving energy.

## MORE LOCAL RECYCLING COLLECTION POINTS

More and more local shops and community places collect those recyclable waste items that can not be included in the curb side collection. To find your closest collection points visit our “Green Party in North Hertfordshire” website.
